"Aedificare in corpore, animo, et virtute."

This Latin phrase, encircling the cover symbol, sums up what we consider to be the educational goal here at Roosevelt High School.

It translates: "To build in body, mind and character."

The winged feet of Mercury symbolize body health and ability. We take pride in athletics, not only in terms of victory, but in understanding the importance of physical health and well-being.

Representing knowledge and development of the mind is the torch. It kindles the flame of curiosity and lights the way to understanding and intellect.

The knight symbolizes character. To enjoy life is to live it fully, but not without respect, consideration, and faith in our fellow man.

What you see on the following pages is our attempt to fulfill the symbol's meaning.

Dedicated to
Jean Stolberg

Mrs. Stolberg has tirelessly advised senior classes at Roosevelt High School. As her largest and most burdensome senior class, we dedicate this annual to her.

This is our way, Mrs. Stolberg, of expressing our sincere appreciation for your time and energy. You have, indeed, served above and beyond the call of duty.

MEMBERS OF THE CLASS OF 1965:

This is the "Voice of Experience". Up to now, in terms of the student vernacular, life has been just a "breeze". You have passed countless tests and examinations and have been found worthy of your laurels. As stated by Owen D. Young, a former President of General Electric, you will be faced in the future with an endless series of "Examinations in the University of Life". Adequate preparation is the key to their successful completion. The important questions to be answered are:

1. Have you acquired competent skill in your ability to communicate with others? This skill includes, of course, an ability to live and work together in a complex social world.

2. Do you know enough about the machinery of democratic society, and how it evolved, to have a wholesome respect for the institutions that safeguard our most valuable heritage—freedom?

3. Have you cultivated your intuitions and made more sensitive your emotions? You will find that life is fraught with a series of quick decisions which on the surface appear to be intuitive in nature.

Their quality will depend largely upon the degree of preparation for them. Emotional sensitivity encompasses all of the elements of graceful living, including a sincere appreciation for the rights of others.

4. Have you developed a sense of responsibility? The chief difference between youth and adulthood is one of varying degrees of responsibility in the home, on the job, and in civic and governmental affairs.

If members of the Class of 1937, during the Great Depression were part of the "Lost Generation", you are truly members of the Class of Unlimited Opportunities. All signs point to an explosion of knowledge unprecedented in the history of mankind.

I believe sincerely that man is master of his own destiny and that opportunity is not where you find it, but how you make it.

Best wishes for great success as you chart your course for the future.

Sincerely yours,

FLOYD B. MOE

It has been said: "There are those who communicate and those who communicate creatively."

We like to think the latter pertains to journalism and creative writing.

Taught by Mr. Knapp, the class offers opportunity of verbal expression.

Journalistic writing is concise, creative writing is figurative. Both use color; both depend on uniqueness of thought and organization of mind.

Budding journalists Julie Layman and Elaine Lundstrom "stuff" the Star of the North

Current events is a mighty big segment of social studies. Juniors study the American Observer.

Mr. Munig stresses a point in Civics. "Are yesterday's standards appropriate for today's practices?"

Judith Behrendt

Patrick Henry said, "I know of no way of judging the future but by the past."

In social studies, we think it's the past that reflects the future; the past which paves the way for progress.

We ponder these issues:

Might we prevent World War III by what we have learned in the past world wars?

Can we now perform in greater wisdom the responsibility of our democratic society?

Art Is Expression

Freedom of expression has its artful connotations.

Do you get enthusiastic over an assortment of oil paints, a couple of brushes and a canvas?

Do you see beauty in a piece of washed up driftwood?

Do you find excitement in molded chunks of clay?

Do you seek the picture of life in the inanimate?

Do you? We do.

Glee Club

The Girls' Glee Club is mixing work and fun.

What better way is there to break up the monotony of daily classes than to sing?

Every Monday, Wednesday, and Friday the girls would meet to practice. Talent from all three grades were represented.

This year under the direction of Mr. D. Saari, the girls performed at the Sing-along and Christmas Festival.

Choir

"Come on let's sing along," said Mr. Saari, director of the VHS choir at the first concert presented this year. The audience sang folk songs which were accompanied by banjos. The choir also presented a Christmas and Spring concert. Highlights of the year were a musical and District 27's music festival. Much of the money from the choir's treasury was spent towards purchasing new music for the choir. A small madrigal group composed of nine girls also sang at various organization functions.

Orchestra

Strains of Beethoven or Mozart rise into the air melodically—the wonderful world of music.

This year the orchestra demonstrated the beauty of music at its public performances at the Christ-

mas and Spring Concerts. Members of the orchestra also competed successfully in the district and regional music competitions.

Band

The band goes marching on and on.

Besides playing for all of the football, basketball, and hockey games, the band presents two concerts and plays for the annual band concert in the spring.

It takes determination and faithfulness to keep up a record like that and every one of the 79 band members has helped.

The band also held a candy sale in December so that Virginia could be represented at the Aquatennial in Minneapolis this summer.

Practice makes perfect and our band practices a lot.

Activities

We're the I.R.C. Champs!

"Devils Squeeze Out Victory," the prize-winning Tri-Hi float exclaims.

The glowing bonfires set off the spark that ignited the flame of victory.

No wonder Virginia fans were exultant! For the first time in Virginia's football history, the determined Blue Devils won the Iron Range Conference. It took the team a year of hard work combined with skill in order to achieve such a reward. The team and all of the fans will remember always this success with pride.

An eventful football Homecoming added to the year's success. The activities began with the assembly where Helen Fondurulia was crowned. The other lovely candidates were Ardelle Johnson, Linda Peterson, and Sue Znameroski. Following the assembly, there was the traditional parade of floats led by the VHS band. Tri Hi's "Devil's Squeeze Out Victory" won the first place award. The evening's events began with a roaring bonfire and a victorious game followed by the dance.

"The Sound of Music" was the greatest musical success Virginia has ever achieved. After many disagreements and discouraging moments, the high school and J.C. choirs came up with an excellent

performance. The antics of the Baron von Trapp's children delighted the audience and Maria's story was very moving. Mr. Saari, the director, can truly be proud of his first success at V.H.S.!

This year our swimmers were a tough match for any team. They won the majority of the meets and placed second in the Iron Range conference, losing the golden duck to Ely by only one point. In the state meet Donn Schlotec placed third in the finals in the 200 free style. Dick W. Maki got sixth doing the butterfly and George Harvey got seventh in the backstroke.

The co-captains elected for the next year were George Harvey and Mike Hahne.

Three shining trophies stand as everlasting symbols of Virginia's glorious 1965 basketball season. By displaying expert skill and teamwork the Blue Devils, coached by Richie Olson, finished off the season with a perfect record. Virginia's team became the District 27 Champions following a thrilling game with Babbitt and a decisive victory over Aurora-Hoyt Lakes. Enthusiasm mounted at the regional championships as the team defeated Forest Lake by two points shot in the final second by Blaine Martinson. After a victory over Hermantown, the fighting Devils became the Region 7 Champions. All of Virginia caught the tournament fever and gave the team hearty support in the State Tournaments. Unfortunately a close game with Faribault ended the awesome record of the mighty Blue Devils. Although the game was lost, the pride that Virginia felt for the team continued.

In beauty and talent the V.H.S. majorettes take the lead. In faithfulness to the school they also excel, because the majorettes have performed at countless games and have led the band in many parades. Throughout the year it took tedious practicing to get the batons twirling to perfection and to think of original ideas for their performances. However, the work was not in vain—the majorettes have been appreciated fully by all.

Mimzy Wellberg and Majorette Patty Fortun listen intently to the hockey game during a lull in the basketball game.

The cheerleaders give the team a big send off to victory.

Come on Devils! Let's Go!

The Roosevelt High School cheerleaders have had a busy year with many good memories.

Last summer four of the cheerleaders attended the cheerleading clinic in Cloquet. Here they learned many new techniques which they presented to the pep club. As a result of their efforts, there was a variety of new cheers to help lead the teams to

victory during the year.

Also the cheerleaders obtained buses for many out-of-town games.

Sportsmanship is what the girls strived for at the athletic games, and this year the cheerleaders and the whole school can be proud of the good sportsmanship shown.

Suddenly everything is quiet and the curtain opens. The audience is brought to a major’s home in Bulgaria and introduced to a beautiful, but conniving Raina and her mother, Catherine.

Later they meet the Chocolate Cream soldier, Blunchli, and the two idiots who try to run the Bulgarian army, Major Petkoff and Sergius. The characters are a little mixed up but eventually everything smooths out and ends happily.

The curtain closes and applause thunders through the auditorium. It was a memorable evening for all!

A Night with Bangles,

As if from a dream the mysterious city of Bagdad unfolded before the eyes of the couples that attended the 1964 junior-senior prom.

The theme of the prom was "Bangles, Baubles, and Beads" taken from the musical *Kismet*.

Under the direction of Mimzy Wellberg the juniors transformed the gym into a city of beauty and awe.

The ceiling, the first successful one of its kind, was decorated to resemble a tent and the couples entered the city walls through a gate outlined with palm trees.

The couples danced along the street of the silver smith to the soft melodies of Baldrica's band.

After dancing into the early morning the couples bid farewell to a prom to be remembered for all time.

School Activity Organizers.

WE'RE THE DEVILS YOU BET!!

The Pep Club headed by President Margo Devich, had its hands filled this year with many activities to help build up sportsmanship and school spirit. Pins were sold for the Blue Devils Football Homecoming and proved very successful.

Some projects done by pep club members were clappers to make school cheers more effective, and the making of our school mascot to help build enthusiasm and good sportsmanship among fellow students.

LET OUR NAME BE HEARD!

This year the Student Council pulled itself out of a shell and became an important school organization. For the first time a Student Council assembly was held, displaying many new talents. Pens and pencils with the basketball and hockey schedules on them were sold again this year in order to raise money for activities.

The Student Council is under the direction of Mr. Knoll and Mr. Rukavina.

The Cheerleaders assemble around our new school mascot.

The Lafayette Bliss Chapter of the National Honor Society initiates new members every spring in a candle lighting ceremony. Those who are asked to join must have the qualities of leadership, scholarship and a pleasing personality.

This year the society went to the Guthrie Theater in Minneapolis to see *Way of the World*. Also they served as guides on Parent's Night and planned the honor assembly at the end of the year. The officers are: Stan Bezek, president, Mike Norlander, vice president; Cheryl DeYoannes, secretary; Rod Salo, treasurer.

Are you interested in becoming better journalists? If so, Quill and Scroll is the organization that will aid you in reaching your goal of becoming a good journalist. The students receiving the honor of becoming Quill and Scroll members must be juniors or seniors in the upper third of their class and must have done work in some phase of journalism. A candle lighting ceremony was held on January 7 to initiate the new members. During the year, the Quill and Scroll club took a field trip to the Mesabi Daily News.

Achievement Is Recognized.

Linda Thomas and Donna Ollila enjoy refreshments after Quill and Scroll initiation.

Homemaker's are always busy. The Future Homemakers of America at V.H.S. are no exception. In order to make money they put on a bake sale and a car wash. At Christmas time the girls made many people happy by caroling at the Pioneer's Infirmary. Then, as homemakers always will, the girls entertained at the Mother and Daughter Tea and again for the annual banquet. The highlight of the year was the district F.H.A. meeting held in Cloquet. The club's advisors were Miss Peterson and Mrs. Koskela.

FHA Secretary Sharon Cameron reads the minutes of the last meeting.

We Prepare for the Future.

F.T.A. enables junior and senior girls to acquaint themselves with the profession of teaching. Through the guidance of Mr. Schmitke and Mr. Johnson the members learned fundamentals which will help them in making the decision concerning a future career. Members of the V.H.S. faculty addressed the group and movies on teaching were shown. In observance of American Education Week the future teachers presented each of the V.H.S. faculty with a large apple.

President Stephanie Pepelnjak conducts an annual F.T.A. meeting.

"Ship ahoy" for fun and adventure.

The Ro-Hi Theps, captained by Niki Mock, traveled to the land of fun and adventure this year with one of its biggest crews ever.

It passed through Shaw's straits by presenting the "Arms and the Man" for the All School Play.

It then continued on a smooth course of meetings.

On arrival in Minneapolis Congrieve's "Way of the World" was viewed and the city scoured by sightseers and shoppers. The year ended with a banquet.

A successful enrollment drive at the beginning of the year enabled the Red Cross to buy useful articles and equipment for the gift chest which was sent overseas. During the year the club was kept busy making favors for the patients at the Pioneer's Infirmary.

The year was concluded with the annual spring banquet at which members who had put in service were presented with pins.

The club's advisor is Miss Korpy and President was Gloria Nozal.

. . . Entertainment

Having fun at a Ro-Hi Theps meeting.

This year Tri Hi climbed the ladder to success!

The first rung of the ladder was reached when the Tri Hi float won first place in the Football Homecoming parade. "Devil's Squeeze Out Victory" was the theme for the float which was highlighted by a giant octopus.

Tri Hi was boosted to the second rung when the Tournabout, sponsored by Tri Hi and Entre Nous, proved to be a success. An additional glory came when Tri Hi's candidate, John Biserni, was crowned King of the Tournabout.

During the Christmas season, Tri Hi stepped up

again. This time they sold Christmas candy and used the profits to buy gifts for the mentally retarded children at Cambridge Hospital.

Next, Tri Hi held a formal initiation for the new members at a supper meeting.

The top step of the ladder was presenting the annual spring banquet in honor of the graduating seniors. The banquet was also for recognition of the year's expert guidance by Miss Moberg and the club's officers: Mimzy Wellberg, President; Sue Znameroski, Secretary; Ann Saltorelli, Treasurer; Mary VonderHaar, Vice President.

Rose Rozak, Cheryl DeYoannes, Helene Fayon, Pat Fortun, and Pam Lanari join in the song fest at the Christmas party.

Girls' Clubs Bring

Top brass of the Entre Nous are Ardelle Johnson, president; and Miss Beckstrom, advisor. In the back are Joyce Aysta and Julie Layman. At right is Nikki Marmas.

Fun, work and lasting friendship were the three ingredients for the Entre Nous' successful year!

Work was begun early when Entre Nous members brought out their sponges and brushes for a car wash in the middle of the summer.

Later on, the girl's were still working hard. This year, popcorn as well as pop and candy were sold at every football game. Kiddy matinee tickets were sold in order to buy the club's private popcorn popper.

The profits for the money making projects helped Entre Nous do a beautiful job decorating the halls for the Homecoming and contributed an imaginative float to the parade—a flower-covered wagon drawn by horses.

The annual Christmas party was held again. Ann Skubic as Santa Claus delighted the little welfare children.

Entre Nous' first Halloween party was held this year. The members dressed in many varieties of costumes and spent a hilarious time bobbing for apples.

The climax of the year full of meetings, speakers, and special activities was the Entre Nous banquet. Each year this banquet bids farewell to the seniors and wishes the sophomores and juniors a glorious future filled with more fun, work, and friendships.

The club officers were Ardelle Johnson, president; Kathy Morgan, vice president; Leslie Lundmark, secretary; Cris Blomgren, treasurer; and Barb Poznanovic, representative to the student council.

Language Clubs Combine Knowledge and Fun

Jim Youngman crowns Miss Hanson at the Nero's Fiddlers' banquet.

The Spanish Club consisting of Spanish and French students participated in projects involving each other's language. French students presented skits, and Spanish students taught members songs from their "native" country. Mr. Christiansen, Spanish Advisor, showed movies on his trip to Mexico. Highlight of the year was the Christmas party where the traditional Pinata was broken. The successful year came to a close at the Spring Banquet. Officers for the year were: President Margo Rabideau, Vice-President Arlette Johnson, Secretary Mary Engman, Treasurer Rodney Salo, Representative to Student Council, Jim Welander; Advisors were Miss Proznik and Mr. Christiansen.

When in Rome do as the Romans do!

This year Nero's Fiddlers carried out the club activities in a manner very like that of the ancient Romans. Instead of having the normal initiation of new members the Latin Club held a slave auction. The slaves were sold to various club members and were forced to serve faithfully until freed at the annual banquet.

Other activities during the year included the building of a chariot homecoming float drawn by the students dressed in tunics. Also at various meetings the members were entertained by Latin plays dealing with Roman life. Gian Biserni spent one meeting speaking about Italy, his home.

Joyce Aysta and Jim Youngman were the counsels. Miss Bishop was the advisor.

A new Spanish member entertains at the initiation.

The mighty men with muscle and drive make up the V.H.S. Lettermen's club.

A boy who excels in one of the various sports is honored by being made a letterman. The club tries hard to contribute to school activities outside of "just" winning games. This year the boys sold refreshments at all of the games. Also, they tested their skills as cooks and held the spaghetti dinner to kick-off their annual sports festival. Jeff Johnson was president and Larry Barrett was vice president.

Innocent Dale Olivanti helps himself to some spaghetti.

Sally Anderson eyes-up the pins carefully before throwing her ball.

Why be only spectators? Let's participate!! With this challenge in mind many energetic V.H.S. girls eagerly joined G.A.A., the Girls Athletic Association. During the year the girls faced tough competition while playing volleyball, basketball, and bowling. Heading the club this year was President, Mary Ann Grigal; the advisors were Miss Moroni and Miss Marasco.

—Anonymous.

Gianni Biserni, our foreign exchange student from Forli, Italy, became a close friend to all of us during his brief stay in the United States. Throughout the year he gave speeches and wrote stories for the school paper in order to promote understanding between our two countries. Also Gianni participated eagerly in all of the school and town activities. Perhaps even too eagerly . . . He broke his leg on his first attempt to ski.

We at Roosevelt High School will hold lasting memories of Gianni and wish him the best of luck in the future.
